

Well Testing Atmospheric Vessels

Atmospheric vessels provide bulk storage and may be vented locally or remotely through flame or detonation arrestors.

The vessels include all necessary components for API 14C compliance.

Technical Specifications

Equipment	100 bbls square	210 bbls round
Skid Dimensions (L x W x H)	16'2" x 8' x 9'3"	11'8" x 10'3" x 18'
Tare Weight (lbs.)	13,700	13,000
Operating Weight (lbs.)	47,300	85,000
M.A.W.P. (psi)	Atmospheric	Atmospheric
Maximum Temperature (°F)	200	200
Minimum Temperature (°F)	-20	-20
Inlet	3" 206	4" 206
Gas Outlet	2 - 4" 206 / 8oz VSPV Hatch	1 - 4" 206 / 2 - 6" 150 RF / 8 oz. VSPV Hatch
Liquid Outlet	3" 206	3" 206
Deck Load Capacity (lbs./ft²)	366	711
